Fiber Ferrule Fixing Nut to FC/(A)PC Style Mating Sleeve or Receptacle

Lumics offers a simple fixing solution for all fiber coupled BTF14 and TO220 products with APC or PC ferrule to either PC/PC mating sleeve or other connectors/mounting blocks with outside thread.

Features & Functions:

- Attach fiber ferrule to any mounting block
- Fiber to fiber connection

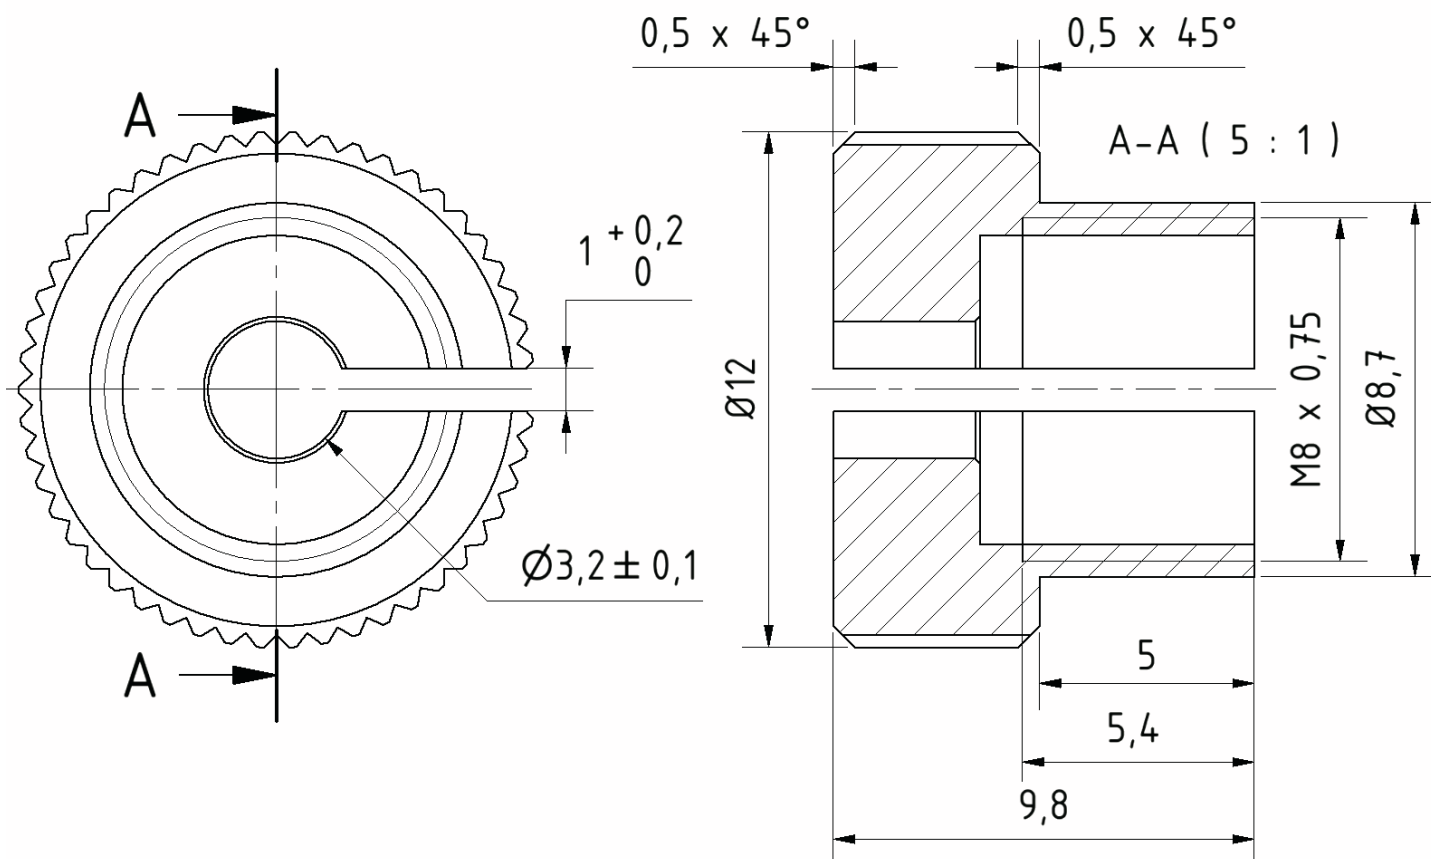

Benefits:

- No need for fiber termination
- FC/PC Thread

Applications:

- Printing
- Materials processing
- Illumination
- Medical laser treatment

Drawing (dimensions in mm)

We manufacture diode lasers.

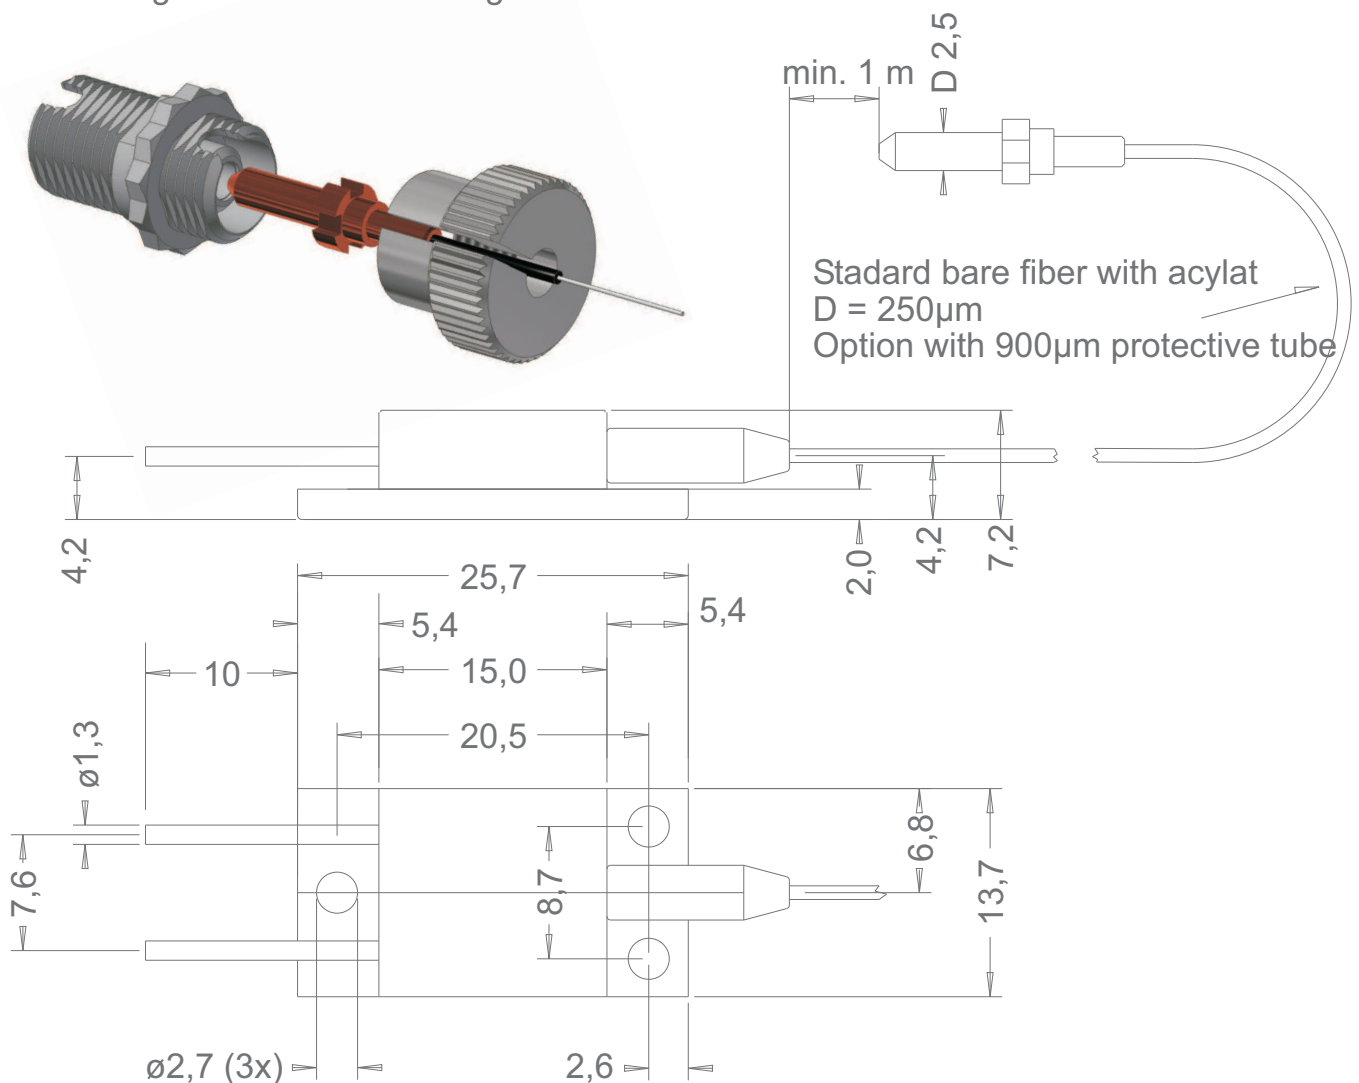

Application Example for TO220 Ferrule to FC/PC Mating Sleeve

This Fixing Nut also works for all BTF14 and LuOcean Mini products with FC/APC or FC/PC ferrule

Option

0° angle ferrule Type SNZ-1A
with fixing nut for FC/PC mating sleeves

8° angle ferrule type SNZ-3A

We manufacture diode lasers.
